- What's new with MROQC?
- Upcoming Meetings and Working Group Calls
- Join the Wave! Prostate Project Launch 2021

MROQC Leadership Changes

After 11 years of serving as MROQC Co-Director and wearing a multitude of other MROQC hats, Jean Moran will be leaving Michigan Medicine in mid-May to become Director of the Division of Radiotherapy Physics and Vice Chair of Radiotherapy Physics in the Department of Medical Physics at Memorial Sloan Kettering Cancer Center. This is a highly deserved tribute to Jean's leadership and contributions to the field of radiation physics over the years. It goes without saying, we wish her the very best but will miss her greatly!

Upon Jean's departure, Martha Matuszak will join Jim Hayman as MROQC Co-Director. Martha will also continue to be the Lung Physics Lead. For the Breast & Bone Mets Working Groups, we welcome Alex Monición, PhD and Kelly Paradis, PhD, respectively, to the Physics Lead role. (We will announce the Prostate Physics Lead once identified).

Please join us in congratulating Jean in her new position, and congratulating and welcoming Martha, Alex, and Kelly in their new roles!

What's new with MROQC?

Bone Mets Project Update

Starting May 3, 2021, all sites are to stop enrolling ineligible patients to the bone mets database. The [Bone Mets SE1 CDA Subject Enrollment Form](#) was updated on 4/26/21 to include this change.

MROQC Website Changes:

- The Lung Pneumonitis Prediction App is now available on the new "Tools" tab.
- The Members tab has been renamed to "Member Resources" if you had previously bookmarked this page, you will need to revise the link.

Upcoming Meetings

- May 12th MROQC Physics Check-in call (1:00pm-2:00pm).
- June 11th MROQC Collaborative-Wide Meeting (9:00am-12:00pm).
- June 11th Clinical Champions, Administrators and Participating Physicians Breakout Session (12:30pm-1:30pm) following the CWM.

** Look for an email from the MROQC coordinating center to help schedule the CDA and Physics breakout sessions.

Upcoming MROQC Project Working Group Call Schedule:

- Breast Working Group Call, May 14th at 2:00pm
- Bone Mets Working Group Call, May 18th at 9:00am
- *please note the time change for the May meeting
- Lung Working Group Call, May 21st at 11:00am
- Prostate Working Group Call, May 25th at 12:00pm

Please visit the [Quality Working Groups](#) tab on our MROQC website for more information.
