### Do you have a concept you'd like to submit?

MROQC members are welcome and encouraged to submit data requests that align with MROQC quality improvement initiatives or support local quality improvement goals. Click [HERE](#) for more information.

## Quality Measure Measurement Period Ends September 30th

The end of the quality measure measurement period for cases with RT end dates of January 1st, 2021 through September 30th 2021 is fast approaching. This measurement period is used for scoring 2021 Pay for Performance (P4P) and eligibility for the 2022 Gold Card and CQI VBR programs.

- Data (clinical and physics) for cases included in the eligibility for 2022 Gold Card and CQI VBR must be entered by November 15th, 2021.
- You will have until January 15, 2022 to enter data for the 2021 Pay for Performance cases

Please consult the handy [MROQC Data Entry Timeline](#) to make sure you are meeting data entry deadlines.

## We want your feedback!

The coordinating center would like to know how our providers are utilizing the Lung Pneumonitis Prediction App, especially if you did something different based on this app, or thought about things differently. Please submit your feedback to [support@mroqc.org](mailto:support@mroqc.org)

The Lung Pneumonitis Prediction App is available on the [Tools](#) tab on our MROQC website.
